Dear FIRST LAST:

You are receiving this notice because you **are currently enrolled in the Traditional Pharmacy Plan with the State Health Plan (Plan), you are Medicare eligible or you are turning 65 in 2026.** Please read and keep this important notice for your records.

NOTE: This is a required notice from the Centers for Medicare and Medicaid Services (CMS) and REQUIRES NO ACTION.

Enclosed you will find your annual **Notice of Creditable Coverage** for the State Health Plan and Medicare Part D prescription coverage. This notice serves as proof that the coverage you receive from the Plan is equal to, or better than, a standard Medicare Part D plan that you may purchase.

Every member should evaluate his or her own coverage needs. However, the State Health Plan prescription drug benefit is equal to, or better than, a prescription benefit offered by a standard Medicare Prescription Drug Plan. Taking this into consideration, the State Health Plan suggests that members and their covered dependents do not need to purchase a Medicare prescription drug plan unless they are Medicaid eligible or eligible for low-income assistance.

Note: Members who may be eligible for low-income assistance may complete an online application at www.socialsecurity.gov.

Be sure to keep the attached notification from the State Health Plan, entitled **Notice of Creditable Coverage**, as proof that you have creditable prescription drug coverage from the Plan. If you have any questions about this notice, you may call 855-859-0966, or visit the Plan website at www.shpnc.org for more information. For the most up-to-date information on the Plan, sign up for the free monthly *Member Focus* e-newsletter by visiting the Plan website, www.shpnc.org.

Sincerely,

State Health Plan

**Important Notice from
North Carolina State Health Plan
About Your Prescription Drug
Coverage and Medicare**

April 30, 2025

Dear FIRST LAST:

You are receiving this notice because you **are currently enrolled in the Traditional Pharmacy Plan with the North Carolina State Health Plan (Plan), you are Medicare eligible, or you are turning 65 in 2026.** Please read this notice carefully and keep it where you can find it for future reference.

NOTE: This is a required notice from the Centers for Medicare and Medicaid Services (CMS) and REQUIRES NO ACTION.

This important notice has information about your current prescription drug coverage with the Plan and about your options under Medicare's prescription drug coverage. This information can help you decide whether you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make prescription drug coverage decisions is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- 1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.**
- 2. The Plan has determined that the prescription drug coverage offered by the Plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.**
(over, please)

When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15 to December 7.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens to Your Current Coverage if You Decide to Join a Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current coverage under the Plan may be affected. Your current coverage pays for other health expenses in addition to prescription drugs. If you enroll in a Medicare prescription drug plan, you and your eligible dependents will still be eligible to receive all of your current health and prescription drug benefits. If you drop your current prescription drug coverage with North Carolina State Health Plan and enroll in Medicare prescription drug coverage, you may enroll back into the Plan during an Open Enrollment period.

When Will You Pay a Higher Premium (Penalty) to Join a Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with the Plan and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go 19 months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.
