

Sr. Director of Pharmacy Benefits

The NC State Health Plan is hiring a Sr. Director of Plan Operations to manage the Plan's Pharmacy Benefits Manager (PBM) Contract, pharmacy benefits and operations, and any Part D programs. This is a full-time position (40 hours per week) with State Benefits, including health insurance, paid vacation, paid sick time, paid holidays, as well as retirement.

Recruitment Range: \$140,000 - \$180,000

This position has been designated as Exempt in accordance with North Carolina General Statute § 126-5(c1)(23), (24).

About the State Health Plan

The State Health Plan (Plan) is a division of the Department of State Treasurer, provides health care coverage to more than 740,000 teachers and local school personnel, state employees, retirees, current and former lawmakers, state university and community college faculty and staff, and their dependents. For more information on the State Health Plan visit www.shpnc.gov.

The Plan Operations team provides operational oversight for the Plan's contract administration with the third-party administrator, pharmacy benefit manager, enrollment and eligibility, billing and other related services vendors. The areas of responsibility for the Plan Operations team focuses on project implementation and program management ensuring that all processes are documented, and programs are measurable. The team routinely monitors for data anomalies and serves as the primary subject matter experts on enrollment, billing, claims, and the associated EDI.

The Sr. Director of Pharmacy Benefits has full oversight of the pharmacy benefit program. This includes the procurement and ongoing program management of the pharmacy benefit manager (PBM) and other vendors/contracts that support that program. This role requires expertise in the financial, clinical and operational components of pharmacy benefits management.

Job Duties

- Participate in the development and implementation of the Plan's strategic plan.
- Work with other Plan leaders to develop and implement a pharmacy benefit strategy that aligns with the Plan's mission, vision and goals.
- Develop and managed the Contracts/Vendors required to provide pharmacy benefits to Plan members.
- Manage the pharmacy team which includes a clinical pharmacist, program manager and financial analyst

Knowledge, Skills and Abilities / Competencies

Qualified applicants must possess, and application must clearly reflect work experience that demonstrates the following:

- Direct experience in pharmacy benefit management, operations and finance.
- Experience developing and implementing policies and programs in keeping Plan goals to include, development of cost-effective benefit design.
- Experience developing, implementing and managing Part D programs.
